## Arctic Watersport / Isla Unlimited

### ***What Makes a Great Kayak Even Better? Unlimited Evolution.***

Exceptionally narrow, remarkably stable, and designed to perform — the Isla Unlimited brings premium performance and endless possibilities for customization.

The Isla is crafted for paddlers who want a kayak that glides effortlessly while remaining stable and responsive in waves. Whether you're exploring lakes or sea, its refined hull design delivers a confident, efficient, and enjoyable paddling experience.

Despite its exceptionally narrow profile, the Isla remains accessible to ambitious beginners who appreciate quality and are ready to invest in a premium kayak.

The Isla's hull combines V- and U-shaped sections with softened chines, a long waterline, and carefully balanced rocker. The widest point sits just behind the paddler, creating an excellent balance of speed, control, and comfort.

The result is a kayak that feels efficient and responsive without sacrificing stability—a combination that makes it equally appealing to experienced paddlers and ambitious newcomers.

### ***Ergonomics You'll Feel with Every Stroke***

***Efficient movement. Confident control. Comfort that lasts.***

***Premium Outfitting—No Compromises***

### ***Unlimited Customization***

The Isla Unlimited can be customized to suit your individual needs, preferences, and paddling style.

Whether you're looking for a specialized expedition setup, a unique personal design, or an ultralight day boat without hatches, the Unlimited platform offers more possibilities.
